# Century™ Series
SC 600 Series

Quality speaks louder than words

Today's contact center and office professionals deserve technology that improves the quality of their everyday work-life. To work effectively, they require outstanding sound performance for natural, conversational communication and music/multimedia use and exceptional comfort for long hours of use with the ability to focus on the job in hand even in noisy environments. Naturally their headset must be extremely durable and able to withstand the toughest business environments. The Century™ Series of wired headsets delivers on all points.

The wide range of 18 variant offers connectivity to a variety of devices such as desk phones, telecoil, PC, tablet and smartphone – for both fixed, flexible and mobile solutions. Designed for seamless interaction and full call control with all major Unified Communications platforms and phone solutions.

The Century™ Series of wired headsets covers every situation with premium quality and style.

BENEFITS & FEATURES

– **Outstanding sound for clear calls**
  With Sennheiser Voice Clarity for a natural listening experience and ultra noise-cancelling microphone for perfect speech output

– **High-quality design crafted for perfection**
  Brushed aluminum and stainless steel components and unibody headband construction for maximum strength at stress points

– **Convenient and seamless call handling**
  Proximity sensor (ANC variant) and in-line call control for easy call management

– **Easy to store and bring along**
  With fold-flat ear cups and carry pouch

– **Exceptional wearing comfort**
  Leatherette ear pads for all day comfort and powerful sound
