

RIG Flex

Product Sheet

Boom and inline microphone options

Games, music, chat – your way

Play everywhere. This lightweight stereo headset offers the versatility to connect your PC, Mac, and mobile devices. Signature Plantronics audio technology delivers brilliant clarity and deep bass and your commands will be clearly heard using the noise-cancelling boom microphone. Swap the microphone and take the fun to go, with inline controls for call and microphone mute. After the game, keep these comfortable headphones on to catch up with friends on Skype™ or relax and enjoy your movies and music – wherever life takes you.

FEATURES

- Stereo gaming headset with 40 mm drivers and bass tube technology delivers signature Plantronics audio quality, including enhanced low frequency effects (LFE) with low distortion
- Switch between the noise-cancelling boom microphone for game chat or the discreet inline microphone for mobile
- Forget-it's-on comfort lets you play for hours, watch movies, or relax with music wearing lightweight, pillow-soft earcups and cushioned headband.
