

30029491- Medion Erazer Beast X10 17.3" I7 10750H 16 GB 1 TB SSD RTX 2070 Gaming Laptop

Gear up for battle with the MEDION ERAZER Beast X10 Gaming Laptop and erase the competition! The ERAZER's 19.9mm thin Mg-Alu chassis design is complemented with an etched ERAZER logo on the back cover with a RGB back-lit keyboard with anti-ghosting technology. The narrow bezel design allows for maximum display coverage, with only 7mm remaining each side of the screen.

Our German design and quality is at the forefront of the ERAZER range. Our brand has been established since 1983 and in the UK since 1998. We're sure you'll enjoy the full ERAZER Gaming experience backed up by a 2 Year Product Warranty. Our laptops are packed full of A-Brand components from the likes of Intel, NVIDIA, Samsung and more!

Equipped with a 17.3" Full HD AVHA display the Beast delivers the ultimate in-game experience with clear, crisp replication of images with vibrant colours in full 1080P (1920 x 1080) resolution. The 144Hz screen refresh rate is crucial for gaming and allows your screen to keep up with the in-game action, providing you with a split-second advantage over your enemies.

Dedicated 8 GB GDDR6 NVIDIA GeForce RTX 2070 Graphics utilizes NVIDIA's latest Turing architecture delivering game-changing performance with up to 6x faster performance of previous-generation graphics cards. RTX allows for real time Ray Tracing of objects and environments with accurate representation of shadows, refractions and illuminations. The memory runs at 14 Gbps with 1920 NVIDIA Cuda cores working at 1680 MHz on boost clock. The RTX 2070 graphics lets you play the latest gaming titles such as Wolfenstein: Youngblood and Battlefield V in full HD quality with no lag or visual tearing.

Immerse yourself in the next generation of VR with NVIDIA VRWorks Technologies providing, VR audio, physics, and haptics let you hear and feel every moment!

The Beast is equipped with G-Sync which provides you with the ultimate gaming experience eliminating screen tearing from gameplay.

Conquer your enemies with the innovative 10th Gen Intel Core i7-10750H Hexa-core processor delivering next level performance with up to 5 GHz clock speed with Intel's Turbo Boost Technology with 12 MB cache.

The 16 GB Hynix RAM built in allows for plenty of memory to run the latest games or applications while the 1 TB Samsung SSD provides speedy boot up times and is the ideal place to store your most regularly used applications and games for quick access.

The latest Intel WiFi 6 AX201 802.11ax card is integrated allowing for connectivity on both 2.4GHz and 5Ghz bands with max speeds up to 2.4 Gbps. The card also provides the latest Bluetooth 5.1 technology allowing for connectivity to accessories such as wireless mice and headsets. When you've returned to base you can benefit from a Gigabit LAN connection via the RJ45 port on the side of the laptop.

Dolby Atmos Gaming audio provides the best in-game experience allowing your game to come alive, allowing you to react faster to your enemies! Utilising the in-built speakers and subwoofer you'll feel like you're in the middle of the action with outstanding realism.

The Control Center software allows you to effectively manage audio settings, keyboard settings, CPU settings, fan control, energy and performance modes in addition to general settings.

Windows 10 Home has been optimized for gaming with the integrated Game Bar allowing you to take screenshots, record and broadcast in game footage.
