EASY INSTALLATION

Be protected & see every detail in Full HD

- A cutting edge & easy to use surveillance system with 1080p high definition video to see & protect your premises
- Set & forget by recording from 16 channels for up to a whole year+ onto a massive 2TB hard drive & the ability to save recorded images to your personal Dropbox account using Quickshot Cloud
- Seeing is believing with 16 x 1080p HD cameras offering 100ft/30m infrared night vision or up to 130ft/40m in ambient light, with durable construction for indoors or outdoors
- The cameras feature state-of-the-art Swann True Detect™ PIR motion & heat sensors designed for security applications & optimized to reliably detect people, but also cars, large pets & other large heat-generating objects
- With more accurate motion detection you have more reliable push notifications & recording, eliminating false triggers due to the wind, leaves falling, bugs, rain & more, saving you hard drive space & playback time
- Save time & have peace of mind by easily locating incident video, then transfer to external storage via USB
- View live or playback video in high definition on your HDTV, LCD screen or monitor via HDMI connection or VGA port
- Surveillance in the palm of your hand with live viewing on Smartphone & tablets including iPhones, iPads & Android devices using the free HomeSafe View app
- Cut the cost of crime & know what's happening with this HD security system to suit large homes, offices, small businesses & retail stores

What can I do with this system?

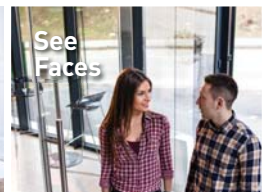

See at Night

Deter Crime

Safeguard Family

See Faces

Detect Motion

Protect Property

Swann True Detect™ PIR Motion & Heat Technology

Old

All movements, including objects that don't matter like leaves & trees, trigger motion detection & recording

New

Designed for your security, the PIR motion sensors distinguish heat & movement of larger objects including people & cars

QuickReview™

Review different periods of time from the same camera in a multiview mode

Quickshot™ Cloud

Quickshot™ Time Lapse will display a slide show from all channels so that you can filter multiple channels at once with the ability to save images to your personal Dropbox account
