AOC

AG352UCG6

35
(88.98) LCD MONITOR

The AOC AGON AG352UCG6 Black Edition is an UltraWide 35" curved gaming monitor that offers a highly immersive gaming experience, thanks to a small 2000 mm curvature radius and a 1440p resolution. NVIDIA G-SYNC technology and a 120 Hz refresh rate allow for smooth and responsive gameplay without tearing, stuttering or input lag.

| Curved Screen | LowBlue | Ultrawide | Height adjust | Speakers | Vesa Wallmount | GSync |

120Hz Refresh Rate

Equip yourself with twice the frame rate of other monitors and say goodbye to image stuttering and blurry motion. With a 120Hz refresh rate every frame is rendered sharply and in smooth succession, so you can line up your shots accurately and appreciate high speed races in all their glory.
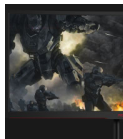

Curved screen

Immerse yourself into virtual worlds with AOC's curved gaming displays. Curved displays with an aggressive 1800 mm or more subtle 2000 mm radius put you in your characters' eyes, with the display covering your whole peripheral vision. In 16:9 or 21:9 aspect ratio, curved gaming displays bring futuristic design, comfortable viewing and immersion together.
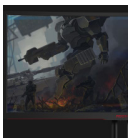

Lowblue Light

AOC Lowblue Light protects you from harmful blue light which, during long sessions, has been shown to cause eye strain, headaches, and sleeping disorders. Our Lowbue Light feature reduces the harmful wavelengths emitted without sacrificing color composition, setting the experience free from the worry of eye damage.

G Sync

NVIDIA®G-SYNC™ display technology delivers the smoothest and most breathtaking gaming experience on offer. G-SYNC™ synchronizes the monitor's refresh rate to the GPU in your NVIDIA-powered PC, eliminating screen tearing and minimizing display stutter and input lag. Scenes appear instantly, while objects look sharper and more vibrant.

UltraWide 1440p Resolution

With 3440 x 1440 resolution, Wide Quad HD (WQHD) offers superior picture quality and crisp imagery that reveals every detail. The widescreen 21:9 aspect ratio is perfect for watching movies in an expansive format or immersing yourself in the latest game, plus it offers more space when it's time to work. True 8-bit color provides a broad color palette for vibrant, natural-looking images.

Screen Details

Color	Black
Resolution	3440x1440 PX
Refresh rate	120Hz
Response time	4
Panel	MVA
Backlight	WLED
flickerfree	✔
