

PRINT AND SHARE FROM ANYWHERE

Epson Connect means freedom to print and share from anywhere, using your smartphone, tablet PC or laptop¹. It is so easy to send documents, emails, web pages and photos to print at home or the office with Epson and our partner's range of mobile and cloud print services – whether you are near your printer or halfway across the globe.

Epson iPrint – Personal printing, scanning and sharing
Print anytime and anywhere to Epson printers from your Apple iOS² and Android devices³. Print photos, web pages and files including Microsoft® Word, Excel® and PDF documents. You can even scan, save and share your files. It also supports online file services such as Box, Dropbox, Evernote® and Google Drive⁴.

Epson Email Print – Print via email from anywhere
Print your documents, emails and photos from anywhere in the world. Simply send an email with an attached document from your smartphone, tablet PC or computer, to the email address of an Epson Email Print-enabled printer, anywhere in the world. Print up to 20MB sized documents and store print jobs for up to 72 hours.

Epson Remote Print Driver – Print outside your home or office
With the Epson Remote Print Driver, you can print from anywhere in the world with greater control over your print jobs. Send documents or images from your printer's driver to any Epson Connect printer using the driver's printing options including page layout, number of copies, margin size and much more.

Epson Scan-to-Cloud – Upload and share your files
Epson Scan-to-Cloud lets you effortlessly upload scanned files to cloud services, such as Box, Dropbox, Evernote® and Google Drive making them automatically available to share, store and access wherever you are. For added convenience, you can also scan directly to an email address or another Epson Connect enabled printer.

Compatible Services

Apple AirPrint⁵
Print your emails, photos, web pages, and documents – whatever you see on your screen – directly to an Apple AirPrint-ready Epson printer. A few taps is all it takes. There is no software to download, no drivers to install, and no cables to connect⁶.

Google Cloud Print™⁷
Google Cloud Print allows you to print on the go from your smartphone or tablet PC to any Google Cloud Print-ready Epson printer. Print directly from supported apps like Gmail for mobile, and Google Docs for mobile, or straight from Chrome OS.

EPSON CONNECT AT WORK

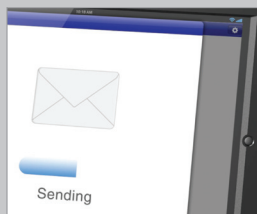

If you are running late for work, you can email your documents directly to the office printer, making sure they will be ready for you upon arrival.

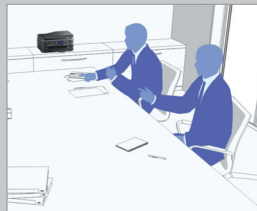

Does your client want a hard-copy of your presentation? Send them your file direct to their Epson Connect printer, saving your company time and potential delivery costs.

Add value to your hotel business services by allowing your customers to print off important travel documents. Give customers access to your Epson Connect printer and they can collect them before they depart for their flight.

Give your staff access to key documents and information. Epson Scan-to-Cloud lets your organisation store and centralise all documents on Cloud services so they are accessible to staff wherever they are and on whatever device they are using.

If you regularly work away from the office, the Epson Remote Print Driver enables you to amend and send hard copies of important documents or presentations to an Epson Connect printer. Admin and support staff can post them to customers or clients, or share with colleagues, before you've even made it back to the office.

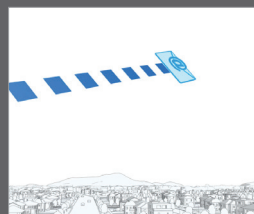

EPSON CONNECT AT HOME

You can print travel documents, ticket reservations and even coupons while travelling back home, ensuring they will be ready for you on your arrival.

When you are away from loved ones stay in touch by sending photos directly to their Epson Connect printer. Documents will automatically print - no need for a PC.

Send restaurant directions to a friend straight to their Epson Connect printer. When they arrive home it will be printed, ready for them to use.

Scan and store precious memories, like old family photographs or milestone documents such as first birthday cards, school reports or old letters. You can share them easily with friends and family across the world or simply enjoy the reassurance that they are stored safely and securely.
