

27" 1080 FULL HD WIDESCREEN LED MONITOR

The V7 27" LED Monitor is designed with style, high screen performance and environmental features for home, work and everything in between, the L27000WHS, utilizes a low power LED backlight and saves on space while giving you a sharp, dazzling view in Full HD at 1920x1080p resolution. With stunning screen appeal, you will have a sharp, detailed, full HD view while surfing the internet, working on projects, editing videos or streaming shows online. High screen performance includes 30,000,000:1 dynamic contrast ratio, 200 nits brightness, 5 ms response time, plus the low power LED backlight helps reduce our environmental footprint. This sleek LED widescreen monitor is a great value and looks sharp on every desktop. With both a VGA and HDMI input you are sure to enjoy the highest resolution possible. The V7 LED monitor comes fully equipped with built-in on-board speakers for the complete audio-video experience.

Key Features:

- 1920 x 1080 Full HD Experience
- Powerful built-in speakers
- Life-like detail and definition with 30,000,000 : 1 dynamic contrast ratio
- Rich and vibrant visuals with 16.7 million colors
