

SD4800P Universal USB-C Triple Video Docking Station w/ 60W PD - DP/DP/HDMI - Windows

Triple your productivity with a single cable

K38249EU

Product Description

Let the leader in professional desktop performance make the most of your laptop's USB-C connectivity. With the Kensington SD4800P Universal USB-C Triple Video Dock with Power Delivery, users can connect up to three external displays, transfer files at up to 10Gbps, and configure bandwidth. A single USB-C cable connection not only powers your device, it allows users to transfer video, data, and audio – providing the ultimate plug and play docking experience with no driver installation required. It is an ideal docking solution for graphic and web designers, animators, engineers, financial analysts, and other environments supporting visual multitasking.
