

StreetLine Series

StreetLine SL 140, SH 120, SH 180 and BP 250

There is freedom in taking a minimal approach to your carry. Especially if you are a city dweller or savvy traveler. Our StreetLine series of sophisticated, everyday bags offers a slim, protective and efficient way to move with your gear through urban streets and on public transit.

A low-profile FlexPocket™ keeps your essential gear (like headphones, wallet, smartphone, camera, sunglasses, light jacket) organized with collapsible bellows that provide suspended protection from impact when deployed, and fold flat when not in use.

Two-tone, spun polyester with DWR (durable water repellent) coating and weather-treated zippers nicely balances the refined look of a woven and the high performance of a tech fabric. Leather touchpoints and a smooth, bronze-tone lining add a dash of luxury.

Along with thoughtful organization and weather protection is the understated look of StreetLine – lean and modern. There is purpose in the design. There is ease in the profile. There is freedom in the bag.

StreetLine Series

StreetLine SL 140, SH 120, SH 180 and BP 250

- Move through busy streets, stations, airports and tight spots – without a hassle – thanks to the **slim, efficient and easy-carry profile** of StreetLine.
- Use the **FlexPocket™** interior to keep a day's essentials organized, protected and within easy reach. Don't need a lot of organization? Collapse the pocket and stash all your gear in the main compartment.
- Weather or not: no problem with our custom blend of coated fabrics with the look of canvas and the high, **moisture-repelling performance** of a synthetic.
- **Vary your carry** and use adjustable straps, grab handles and trolley sleeves to change up the way you and your gear get about.
- **Details make the difference:** such as leather grab handles and touchpoints, coated zippers for elemental protection, tablet/laptop pockets, non-snagging back panels, quick-access pockets for small items, etc.

Materials:

Exterior: 600D Oxford poly/cotton blend with a 3X PU weather and abrasion coating, tarpaulin base, premium leather

Interior: 70D nylon and polyester with proprietary finish for high water repellency

Slim yet roomy pack design offers many access points plus two leather grab handles

Multiple pockets offer easy access to quick-grab items like transit passes, pens, keys, etc.

FlexPocket™ system includes interior, structured compartments plus outer slash pockets for a thin wallet, passport, smartphone, etc.

StreetLine Series

StreetLine BP 250

Smooth and non-snagging back panel provides all-day wearing comfort. Two leather grab handles (at top and side) make it easy to change your carry mode.

Stretch side pocket holds a compact umbrella or other quick-grab necessity.

Roomy interior is built to fit lots of essentials, plus a tablet and laptop.

Side-access zipper allows for the quick retrieval of a needed item. A zippered pocket on the opposite side is a great place to stash travel documents.
