

Mini DisplayPort to DVI Dual-Link Active Adapter – USB Powered

Product ID: MDP2DVID

The MDP2DVID Mini DisplayPort to DVI-D Dual-Link adapter lets you connect your Mini DisplayPort video source (such as any of your MacBook or Microsoft Surface Pro devices with mDP) to any DVI-D display, including televisions and Apple Cinema Display HD, eliminating the expense of having to upgrade to a Mini DisplayPort-capable monitor.

The Mini DisplayPort adapter offers an active conversion, which is powered by a single USB port and is able to handle full dual-link resolutions (up to 2560x1600). Use it to mirror your display to another monitor, or extend your desktop to increase your workspace.

Backed by a StarTech.com 3-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Ideal for using your DVI monitor as a secondary display
- Keep your existing DVI monitor to be used with your new Mini DisplayPort device
- Perfect for larger format screens that use high DVI resolutions with Dual-Link connectivity
- Ideal for digital entertainment centers, home offices, business conference rooms and trade show displays

Features

- Simple plug and play installation; no software required
- Powered by a single USB 2.0 port

- Support for any DVI-D display, including televisions and Apple Cinema Display HD
- Maximum resolution up to 2560x1600 with DVI Dual-Link
- Supports 1920x1080 with Single-Link displays
