## TravelMate B117

# A new way
## of learning

The new TravelMate B117 notebook is tailor-made for the education market. Portable, robust and great for wireless sharing, it gives users up to 13 hours of battery life to meet the new challenges of teaching and learning.

It is the first notebook to integrate Acer TeachSmart, an educational solution that makes classroom interactions more engaging and lessons more efficient and compelling.

- Acer TeachSmart solution,
  a new way to teach and learn
- Slim, light notebook with an 11.6'' display
- Water-spill drainage design
- Up to 180° opening angle for more flexible use
- Precision Touchpad for better fingertip navigation

**Do great things.**

## A smart way to teach, an engaging way to learn.

The TravelMate B117 drives excitement in the classroom and makes participation more dynamic. It is the first device to come with Acer Education Suite, that includes Acer TeachSmart™ and Acer Classroom Manager.

Engaging and flexible, Acer TeachSmart™ features a 4-colour LED light that can be used to keep track of students' status and progress and to make classroom participation more dynamic.

Teachers can create and send out quizzes and surveys to the entire class or to smaller groups. The LED lights on the notebooks show which options have been selected at a glance. Acer TeachSmart™ comes with the Power Share feature that allows teachers to hand out homework and class material directly to student's Microsoft OneDrive storage.

## Comfortable computing

Packing Intel® Pentium® or Celeron® processors, Intel® HD graphics and up to 4GB of DDR3L memory, the TravelMate B117 allows students to tackle school projects and homework with ease. A solid hinge which opens up to 180 degrees allows better collaboration.

The full-size keyboard provides a comfortable typing experience, while the Precision Touchpad offers more precise interaction. The 11.6" Acer ComfyView™ Anti-glare display guarantees a crisper view even outdoors, while Acer BluelightShield™ technology reduces harmful blue-light emission, protecting users' eyes.

## Built for Education

The TravelMate B117 fits into any classroom environment. Weighing only 1.35 kg and measuring 22.3 mm thin it can be put into any backpack. A rubber strip encloses the chassis and protects the device from bumps and drops. The keyboard is spill-resistant with a water drainage design that shields against accidental spills.

## Built-in manageability and security

The TravelMate B117 comes with Acer ControlCenter, where users can easily find the latest system information and check if updates are available. Furthermore it helps to detect and fix any problem promptly. Acer ProShield allows users to maintain their credentials, data protection and web accounts. For added security, users can log in via webcam and face recognition technology.
