Regulatory Compliance Statements for Stealth™ 600P Gen 2 RX & TX

Local Restrictions on Radio Usage
Caution: Due to the fact that the frequencies used by wireless devices may not be harmonized in all countries, these radio products are designed for use only in specific countries, and are not allowed to be operated in countries other than those of which they were intended and for verifying that they are configured with the correct selection of frequency and channel for the country of use. Any deviation from the permissible power and frequency settings for the country of use is an infringement of national law and may be punished.

To determine whether you are allowed to use your wireless network device in a specific country, please check to see if the radio type number that is printed on the identification label of your device is listed in the manufacturer's OEM Regulatory Guidance document at the following URL: <http://www.turtlebeach.com/homologation> or contact Turtle Beach directly.

Federal Communications Commission (FCC) Compliance Notices

This section includes the following FCC statements for the Stealth™ 600P Gen 2 RX & TX:
• FCC ID: XGB-TB3140 (RX) & XGB-TB3141 (TX)
• Non-Modem Statement
• Class A Interference Statement
• RF Radiation Exposure & Hazard Warning

Class A Interference Statement
This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. The limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

RF Radiation Exposure & Hazard Statements
To ensure compliance with FCC RF exposure requirements, this device must be installed in a location such that the antenna of the device does not exceed 10 cm (4 inches) from all persons. Using higher gain antennas and types of antennas not covered under the IC certification of this product is not allowed. Installers of the radio and users of the product must adhere to the installation instructions provided in this manual. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitters.
• Do not relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

CE Caution:
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: [1] This device may not cause harmful interference, and [2] this device must accept any interference received, including interference that may cause undesired operation.

RF Radiation Exposure & Hazard Statements
To ensure compliance with FCC RF exposure requirements, this device must be installed in a location such that the antenna of the device will be no closer than 10 cm (4 inches) from all persons. Using higher gain antennas and types of antennas not covered under the FCC certification of this product is not allowed. Installers of the radio and users of the product must adhere to the installation instructions provided in this manual. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitters.

No-Modem Statement
Use only the supplied internal antenna. Unauthorized antennas, modifications, or attachments could damage the Stealth™ 600P Gen 2 RX & TX Models and violate FCC regulations. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. Please contact Turtle Beach for a list of approved 2.4 GHz antennas.

This product is compliant with the Consumer Product Safety Improvement Act of 2008, Public Law 110-314 (CPSIA).

- b. Imposta Output alle cuffie su Tutto l'audio
- c. Imposta Regolazione volume (cuffie) al livello massimo
- d. Seleziona Regola livello microfono e segui le istruzioni sullo schermo per calibrare il tuo microfono

DE Gehe zu Einstellungen > Geräte > Audio-Geräte.

- a. Wählen bei Ein- und Ausgabegeräte: Stealth™ 600 Gen 2 Headset.
- b. Stellen ein, dass alle Sounds über die Kopfhörer ausgegeben werden.
- c. Stelle die Lautstärkenregelung (Kopfhörer) auf die höchste Stufe.
- d. Wähle Mikrofonpegel anpassen und folge den Anweisungen auf dem Bildschirm, um dein Mikrofon einzustellen.

DK Gå til Indstillinger > Enheder > Lydenheder

- a. Vælg Stealth™ 600 Gen 2 som Inputen og Outputen
- b. Angiv Output til hovedtelefoner til Alt lyd
- c. Indstil Lydstyrkekontrol (hovedtelefoner) til maksimalt niveau
- d. Vælg Justér mikrofonniveau, og følg instruktionerne på skærmen for at kalibrere din mikrofon.

SUPERHUMAN HEARING®

Use Superhuman Hearing® Mode to pinpoint quiet audio cues like enemy footprints or weapons fire. During moments of silence, you can activate and deactivate Superhuman Hearing® by pressing the **POWER** button once, quickly.

Utiliza el modo Superhuman Hearing® para detectar los sonidos más leves, como los pasos de los enemigos o las recargas de los ammos. Durante el juego, puedes activar y desactivar el modo Superhuman Hearing® al presionar rápidamente el botón de encendido (**POWER**) una sola vez.

Microphone Mute

Flip up/mute to mute. There is an audible tone when the mic is muted or unmuted. Volta el micrófono hacia arriba para silenciarlo. Cuando el modo de silencio se activa o se desactiva, se escucha un tono en los auriculares.

EQ PRESETS PREAJUSTES DE AUDIO DEL ECUALIZADOR
Signature Sound Sonido personalizado
Bass Boost Potenciador de graves
Bass + Treble Boost Potenciador de graves y agudos
Vocal Boost Potenciador de voz

CHARGING CARGANDO

The Stealth™ 600 Gen 2 gives you **15 hours** of rechargeable battery life. Make sure to charge it regularly before storing. Los auriculares Stealth™ 600 Gen 2 ofrecen **15 horas** de batería recargable. Asegúrate de cargarlos regularmente antes de almacenarlos.

Headset Storage

Always charge your headset before storing it for any extended period of time (greater than 3 months). Never store the unit in temperatures above 113°F/45°C.

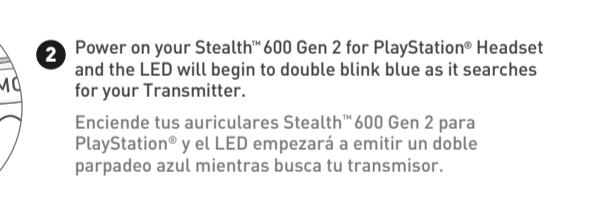

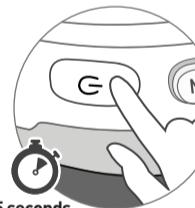

Almacenamiento de los auriculares:
Antes de un almacenamiento prolongado (más de 3 meses) carga los auriculares. No almacenar el equipo a temperaturas superiores a los 45 °C (113 °F).

3 Within 10 seconds, the Transmitter's and Headset's LED's remain solid, indicating a successful pairing.

En unos 10 segundos los LED del transmisor y de los auriculares emitirán una luz fija para indicar que se han emparejado correctamente.

1 Connect your Stealth™ 600 Gen 2 for PlayStation® Transmitter into an available USB port on your PlayStation® 4 console. Your Transmitter will begin to double blink blue as it searches for your Headset.

Conecta tu transmisor del Stealth™ 600 Gen 2 para PlayStation® a un puerto USB disponible de tu consola PlayStation® 4. Tu transmisor empezará a emitir un doble parpadeo azul mientras busca tus auriculares.

5 seconds
5 segundos

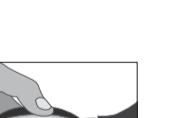

2 Power on your Stealth™ 600 Gen 2 for PlayStation® Headset and the LED will begin to double blink blue as it searches for your Transmitter.

Enciende tus auriculares Stealth™ 600 Gen 2 para PlayStation® y el LED empezará a emitir un doble parpadeo azul mientras busca tu transmisor.

To access the rating label: Para acceder a la etiqueta de evaluación:

- 1. Remove the left ear pad by pulling the ear pad straight up using your thumb.

1. Quita la almohadilla izquierda a jalón directamente hacia arriba con el pulgar.

- 2. Once you've released the cloth from the lip on top, pull the ear pad straight back and it should slip right off.

2. Cuando hayas separado la tela de la orilla en la parte superior, jala la almohadilla directamente hacia abajo, y entonces se debe salir fácilmente de su lugar.

To replace the ear pad, follow the same process in reverse.

Para reemplazar la almohadilla, sigue el mismo proceso en orden inverso.
