

27" LED with 2560x1440 WQHD Resolution

Professional Grade Monitor for Pros

VP2770-LED

The ViewSonic® VP2770-LED 27" Wide SuperClear™ IPS LED monitor, with 2560x1440 resolution provides stunning high definition details with nearly 80% more pixels than a standard 1080p display. With support for 1.07 billion colors, a high 20,000,000:1 MEGA Dynamic Contrast Ratio, and super wide 178/178 degree viewing angles, the VP2770-LED is the ultimate professional grade LCD monitor for design, digital photography, video production, architecture or any other application where true color and total screen viewing is essential. Flexible connectivity options include DisplayPort, HDMI®, Dual-Link DVI and VGA, along with 4 USB ports for connecting your peripherals. The ergonomic stand provides height adjust, swivel, tilt and pivot for maximum comfort. Backed by ViewSonic's best industry leading pixel policy and full 3-year limited warranty, the VP2770-LED is the right choice for your professional display needs.

2560x1440 Wide Quad HD Resolution

At four times the resolution of a traditional 720p panel, and almost double that of a traditional 1080p display, WQHD results in a much sharper image, with no distortion or stretching, all while maintaining the same 16:9 aspect ratio. With a 16:9 aspect ratio panel, you will get the most out of your HD content since HD contents are natively designed in this format.

Stunning 1.07 Billion Colors

The VP2770-LED delivers professional grade color accuracy, with support for up to 1.07 billion colors. For the most demanding color critical applications, the VP2770-LED is fully compatible with the latest 3rd party calibrators on the market.

sRGB Color Correction Defines the Truest Color

Accurate and consistent color performance is essential for professionals in graphic design, video editing and other professional environments. With an average Delta-E (de) <3 across all grey-scale, the VP2770-LED ensures high color accuracy and consistency from screen to print.

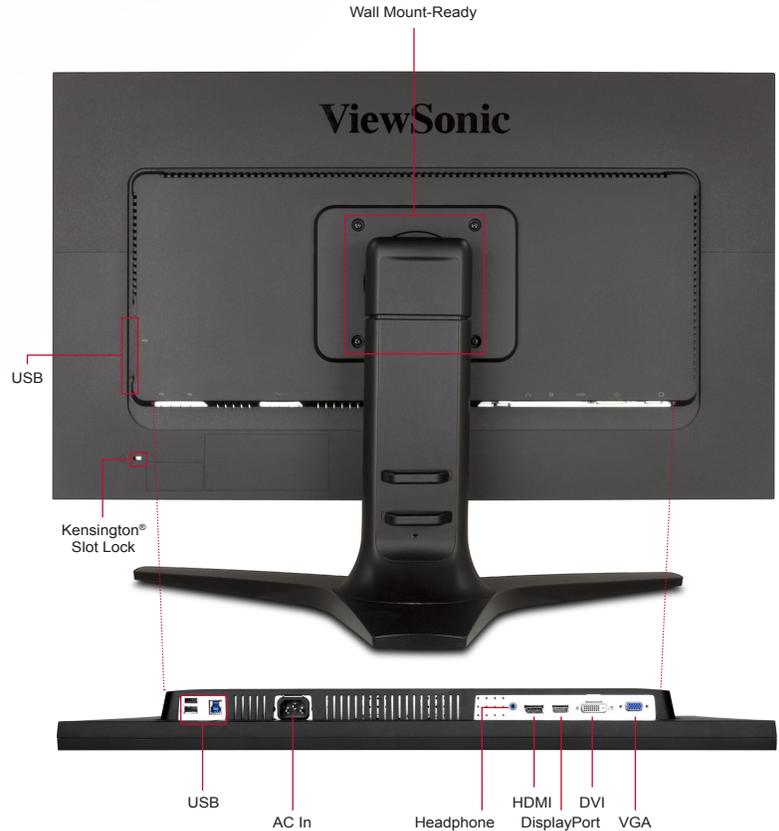

Full Ergonomics

Pivot, height adjust, tilt and swivel for perfect ergonomics and comfort designed just for you. VESA mount holes in the back of the monitor give you the option to install the VP2770-LED on a monitor stand or wall mount.

Complete Connectivity

DisplayPort, Dual-link DVI, HDMI®, and VGA connections, as well as a 4-port USB hub gives you the freedom to connect and stay focused on the real work.
