Redefining a new world of mobility

intel Centrino inside™
Performance to go

World Class Performance

The P210 features state of the art Intel® Centrino® processor technology, which delivers unrivalled system performance, enhanced energy efficiency and advanced connectivity to keep you working longer.

Sharper Display

12.1"

Conventional LCD   Super Bright Gloss LCD

The P210's 12.1" WXGA (1280x800) SuperBright© non-gloss LCD screen provides up to 30% more viewing area than traditional screens and allows you to enjoy photo-like image quality, greater viewing angles and better text legibility, reducing eye strain and, therefore, increasing productivity.

Tough yet beautiful

Sleek design belies inner strength. Reliable and robust, the P-Series boasts a light-yet-tough rubberised chassis and non-slip casing, making the P210 well-equipped for portable working. As a result, this notebook is more than capable of withstanding the inevitable hardships of life on the move, which all translates into a measurably lower Total Cost of Ownership.

Designed to satisfy the exacting performance demands of today's ultra mobile professionals and "always on" achievers, the Samsung P210 unites high performance technology with outstanding communications capabilities in a compact and durable design for the ultimate in reliability and productivity.

Weighing just 1.95kg and sporting a powerful 6 cell battery that delivers all day computing power the P210 is always ready to go anywhere and do anything at the touch of a button. And its a light-yet-tough rubberised chassis and non-slip casing mean that the P210 is well-equipped to cope with the rigours of portable working, which all translates into a measurably lower Total Cost of Ownership and a whole new world of mobility.
