SAMSUNG recommends Windows Vista® Home Premium for Personal Computing

pure definition

for the ultimate experience

World Class Performance

The R610 features state of the art Intel® Core™ 2 Duo processor, which delivers unrivalled system performance, enhanced energy efficiency and advanced connectivity to keep you working longer.

* Also Available in Intel® Core™ 2 Duo Processor.

Sharper Display

The 16" wide display provides up to 30% more viewing area and allows you to enjoy photo-like image quality, greater viewing angles and better text legibility, reducing eye strain. Its proper 16:9 aspect ratio also provides the most accurate representation of Blu-ray and High Definition (HD) video content and games, without any black bands.

Anyone who enjoys the enhanced visual quality of High Definition (HD) multimedia will appreciate the ground-breaking design of the **Samsung R610** notebook. Its innovative 16" high resolution screen has a pure 16:9 aspect ratio, which is optimised for watching Blu-ray, HD movies or playing games, with no black bars in widescreen, and also makes it easier to use Windows Vista gadgets.

The R610 is packed with the latest communications technology and advanced productivity features, which makes it the perfect choice if you want to get things done on the move or simply need a high performance desktop replacement. And because it's equipped with the latest Blu-ray optical disc drive and built-in stereo speakers, you can enjoy HD content, with perfect image and sound reproduction, wherever you choose to be.

The R610 includes the latest Blu-ray optical disc drive so that you can enjoy the highest quality films, pictures and sound. Simply connect your HD Television (HDTV) or home theatre system using the built-in (High Definition Multimedia Interface) connection and experience richer colours, beautiful rendering and perfect image and sound reproduction.
