

MobiNote TPC 50C 5" Android Tablet

The MobiNote 5 inch android tablet is the ideal personal information and entertainment gadget for all ages, which fits comfortably into the pocket or handbag. It comes with a wide selection of preinstalled applications including web browsing, email, social networking, internet video phone, ebook reader, Live TV & radio*, music player and a selection of popular games to pass the time.

The efficient Cortex-A8 processor provides smooth and fast response to the high resolution, capacitive touch screen. The TPC 50C has 4 gigabytes of internal storage, which can be increased by installing an SD-Card up to 32 gigabytes. The tablet comes with a protective cloth bag and audio earphones to enhance your personal viewing and listening experience.
